Got it, seems simple enough. Put me down for the purpose of this phase of the application as in opposition. Due to no known engagement by State Parks to the local community, the affected community, only "presenting" to the county commissioners on the terms of some determined requirement that wasn't explained to the public what that requirement actually is in the process, not posting any notice at the Park for the public or the community to even know this was in place, having non-public meetings with private NGOs and other "sovereign" governments on what is best for this community, presenting conflicting information that is made available to the public, NOT ANSWERING THEIR TAXED PAID FOR TELEPHONES since this became aware to the public this past week, and not following their own plan called the CAMP plan and how that was developed and with whom but now taking a different determined approach, wasting my time to respond by listen only and not ask questions in this RCO process.

With this said, I will be forced to defend my rights and the spending of my tax dollars in the means the State and US constitutions afford me.

See what you can make of that for sending in my LETTER; and responding (1st Amendment, my grievance) to that RCO policy, a state government that shows it must believe I serve at the pleasure of government. I the governed do not consent to any such authority for this agency for that purpose.

You want more to prove my case, this was on August 2nd and still nothing to date from State Parks or its Commission:

https://clallam.granicus.com/player/clip/1492?view_id=2&redirect=true

Time stamps of 02:26 and 23:30 (which I might add, government never seems to afford respect for my valuable time and the norm is I have to suffer through a lot of long windedness to ever get to the relevance). And don't assume the County commissioners took ANY action on this item, at least not under the requirements of the Open Public Meetings Act.

Hi - this project is scheduled at 2:55 tomorrow afternoon, but I would recommend joining by 2:30 in case we are running ahead of schedule.

And there are two ways you can listen to the presentation:

- Watch the live stream on YouTube with this link: [Recreation and Conservation Office 2 - YouTube](#) . Or you go to this page and scroll down to the link just below Announcements: [Recreation Projects-Washington Wildlife and Recreation Program - RCO](#).
- Or join the Zoom Meeting: <https://us06web.zoom.us/j/85385624419?pwd=VmZFaFk1eFJlZOUJCQk1wMGpBQT09>

Note that the meeting is open to the public to watch/listen, but not for comments/questions.

Let me know if you have any questions.

Thanks!

-Karl

Hello Mr. Bowen – I got a message that you were trying to get in touch with me. I'm so sorry for the delay and for missing you. I don't have any missed calls so there might be something wrong with my phone.

I'm the RCO grants manager for State Parks projects and was told you may wish to comment on this application. If you want to submit a letter (or comments via email are fine), I can make sure it gets attached to the project so it's available to the advisory committee. We will be doing the evaluations all day tomorrow, so if you get it to me by tonight or tomorrow morning, that will work.

Let me know if you have any questions.

Thanks,

Karl Jacobs
